SWIFT 1932-L

The Swift 1932-L is a 19 foot wheeled scissor lift designed for both indoor and outdoor use. Compact yet powerful, it features stabilising outriggers that enhance safety and usability on uneven or sloped surfaces.

FEATURES

Equipped with a quiet, smooth electric drive motor, this lift is ideal for noise sensitive environments. Its towable design also helps reduce transport costs, making it a cost-effective and versatile choice for various job sites.

Towable

Noiseless & Eco friendly

Perfect for outdoor use

PLATFORM HEIGHT: 5.8M

Standard 19ft platform height of 5.8 metres

WORKING HEIGHT: 7.8M

Use for the maximum reach or lower for those smaller jobs

LIFT CAPACITY: 230KG

Lift up to 230kg, whether it's indoor or outdoor work

AUTO LEVELLING

Easy auto levelling function. Front-Back 10° Side-Side 20°

ALL ELECTRIC

All electric drive motor = smooth and quiet machine
